We must inform said correspondent that Mr. Thos. Parkinson living near Brockway village is claimed to be the oldest mason in the United States, having been in the order for over 70 years. He was initiated Dec. 27th 1812.

—ARMSTRONG-CATENAUGH.—At the M. E. parsonage, Brockway Centre, on Friday, March 14th, by the Rev. A. J. Holmes, Mr. L. Armstrong to Miss Jennie Cavenaugh both of Brockway.

—DIED.—At his residence in the township of Demaray, on Saturday, March 16th, 1884, aged 75 years. The funeral was held on Tuesday, March 18th.

Deceased, moved from Canada six years ago and settled on the place where he died. He leaves a wife and two sons who sadly mourn his departure.

WEDGE in this place on Saturday morning, March 16th, 1884, William, only son of the late John Wedge, aged 17 years.

This is the second death in the family inside of a week and a sad blow to the mother and daughter who survive them. The sympathy of all in this community is with them in their sad bereavement and may each aching heart and sorrowing soul which death has left behind realize that their loved ones are where the sorrow that should the weary soul here may be comforted by the eternal rest that will make them resident forever. Bying is but a disappearance, not from the crest of the mountain, to be followed by the sunshine of a better life. Oh, what a mystery is this art of living! Is not greater than the mystery of dying? Does one bring more heart sorrows and sorrows than the other? Does this life, after all, furnish us with anything but hope inspired and hope disappointed? When we contemplate the problem which each of us must solve, can we not realize that the time that is spent in the realm of the eternal kingdom and have escaped the perils of this world which we are now in, and that they are looking upon the world with the regret of those that we notice in each other's eyes. We vainly struggle to reach and measure the deep things hidden from our mortal senses. We seek to count the stars, but the most of them are out of our telescopic view, and our dull and stupid souls do not know the deep things that are hidden from us. There is but one sure platform on which we can stand, and that is this: "That God has chosen for the best."

—Obituary.—In last week's issue we recorded the death of Daniel Peterbaugh but made a mistake in the spelling of his name, the above is a correction. Deceased was born in the Township of Vaughan, County of York, Canada, in the year 1856 and was 28 years, 8 mos and 4 days old at his death. He came to Michigan seven years ago and has worked in this vicinity ever since and made his home at James Dunlap's who is his stepfather. He was never married. Two brothers and one sister survive him and also his mother. The funeral was held at the Bibleman school house on Friday last at 2 o'clock and his remains were taken to cemetery No. 2, Brockway, one mile north and two miles west of here, where they were buried.

—DOCK'S DASHES.—Procrastination is the thief of time. Why should we all neglect the things that concern us most, both to our general welfare here and that which is to come. Death lays low, with its powerful hand, those dear ones whom we love so much and in whom many of us depend upon for our happy homes and loving children's support. We stand still, knowing its cause, without a single effort on our part to stop the cause or try to effect a remedy and check its source wherein the poison imitates. We look on, powerless to move, and why? Because we have no town, no law to put forth to compel the cleanliness of our village and its inmates. If we had a town or village incorporated, why would we have a proper officer whose duty it would be to look after this work—"a health commissioner." We know how many have terminated in death and many others who escaped from fever caused by improper cleanliness of our village and proper steps taken to extinguish the poison left by those who were so unfortunate. It is time we should wake up to the duty we owe each other—have our village incorporated. The tax we have to submit to would then be expended in building up and beautifying our village, which as it is, goes to the township, neither enhancing the value of our property nor increasing the beauty of the village or adding to the pleasure of its people. Dock.

—NOTICE—My wife having left my bed and board without just cause or provocation, the public are hereby warned against trusting her on my account, as I will pay no bills contracted by her after this date.

—HANOVER, O., Feb. 13, 1884.

After having lung fever and pneumonia I had a dreadful cough and could not sleep at night. The doctors told me I had Consumption and would die. I have taken six bottles Piso's Cure and my cough is entirely gone and I am well as ever.

EMERLINE FORD.

—ROBT. B. BROWN, BREEDER OF PURE BROWN LEGHORN FOWLS. During the season of 1883 I imported 3 settings of eggs from Pennsylvania from which I obtained some real nice fowls. In color they are a beautiful glossy brown, pure white ear lobes, bright yellow legs and large bright red combs, are very lively, non-setters and great layers. Mine are laying now during this cold weather, when eggs are a good price and "mongrels" are idle. Desiring to circulate these fowls I will sell eggs for hatching during 1884 at the following low prices:—13 eggs for 60 cts or 20 for \$1.00. Orders booked now will be filled when wanted. Order soon to secure your eggs as supply will be limited. Have also some fine Brown Leghorns of the old stock mated with a cockerel from imported eggs. Will sell eggs from those at 20c per 12 or 50 cts per 20. One price to all. Terms cash. Orders sent through Post Office will be promptly attended to. Address P. O. Box 1, Brockway Centre, Mich.

—Stock Growers.—All agree that for general use in their business no fowls are better calculated to give satisfactory results than those prepared by E. M. Farnes, because they really contain the valuable remedies claimed, and do not fail to act quickly and effectively in Coughs, Colds, Epizootic, Bad Blood, Stomach and Water and Poor Digestion, &c. in Horses. For Cattle, Hogs, Sheep, Poultry, they are invaluable. Fall pounds only 35 cents. Sold by C. A. Wells & Co.

—REPUBLICAN CAUCUS.—There will be a Republican Caucus held in Rapley's sample room on Friday, March 28th, 1884, at 2:30 o'clock p. m. to elect a township committee and elect delegates to attend a convention and nominate candidates for the several offices in the township of Brockway to be voted for at the coming township meeting. By order of Committee.

—Incipient Consumption.—Coughs, Colds, Bronchitis, &c. are all the results of neglect or exposure, and must have prompt and active remedies to remove them. Croup and Whooping Cough cause great suffering because an effective remedy is not at hand. Why then leave yourself and children exposed to danger and death, when H. M. C. A. Watson will relieve all of these and prevent disease, such as Pneumonia, Inflammation of Lungs, and Consumption. All lung difficulties are removed by this remedy. Price 25 cts per bottle. Sold by C. A. Wells & Co.

—Farm for Sale.—The undersigned wishes to sell his farm containing 40 acres with about 10 acres clearing. There is a good frame house and log barn on the same. It is situated 3 miles south of Crosswell and 40 rods from school house. For terms and further particulars address or apply to Wallace Adams, Brockway Centre, Mich.

—Matrimonial Musings.—It is an old and very true saying that when poverty comes in at the door love flies out of the window. This being the case it behooves a young man to make some preparation in advance, while no young lady ought to marry a young man unless he could reasonably assure her a good home. A father's house and a mother's love are hard to compensate, but a happy marriage is the highest state of happiness and every girl ought to look forward to it. As a solution of this often difficult subject, the Mutual Marriage Association, of Marine City steps in and offers relief.

This institution is founded on business principles, and incorporated under the laws of the state of Michigan. Although of recent origin (April 1883), it is rapidly coming to the front, as its membership already numbers over 500. Membership certificates issued from \$1.00 to \$1.00. The Association publish monthly an entertaining little paper called the Matrimonial Advocate, which is devoted to the interests of the cause. Send for a specimen copy together with descriptive circulars. Address, M. M. B. Association, Marine City, Mich. For further information address or call at this office.

—We received the following complimentary communication from Rev. S. G. Bettis for which we wish to return our thanks:—"Cass City, Mar. 15. You did not give the whole of that Almost Item. Mr. Ferguson on Tuesday eve. stated to a house full that there was not a thing against my moral or christian character and he thought more of me than ever and then on Wednesday stated as you expressed. I think you tried to cut me in that article and I'll not forget you for it. I will come to the Centre and give you and the ministers fits. S. G. Bettis." Very well Mr. B. come right along we would be pleased to see you. It has been quite a long time since we gazed on your smiling countenance. Give us a call and convince us that you still are as lively and beautiful as when we last saw you. We are glad to think that you will not forget us, but sorry that you should try to make us believe that we did not "give the whole of that Almost Item." If you will carefully read the items we copied and published in the EXPOSITOR of Feb. 25th, a copy of which we mail you to-day then if you have any grounds for the assertions you have made we would like to hear what they are. The items are identically the same, word for word, as we got them from the Almost Herald.
